

THE PRISM FRAMEWORK

QUESTIONS

SENTENCE STEMS

PATTERNS - WHAT PATTERNS DO YOU SEE?

- What big ideas keep showing up?
- How do these patterns work in different places?
- What general patterns help us understand better?
- "Here, I noticed that..."
- "The pattern I see is..."
- "This reminds me of..."

REASONING - HOW DO THINGS FIT TOGETHER?

- How do pieces connect to tell the whole story?
- What makes sense when you look at everything?
- How do different parts work together?
- "This connects to... because..."
- "The reason for this is..."
- "One thing that makes sense is..."

IDEAS - WHAT DIFFERENT IDEAS CAN WE MIX?

- What happens when we try new ways of thinking?
- What other ideas should we explore?
- How do different viewpoints help us understand?
- "Another way to think about this is..."
- "I have a different viewpoint..."
- "To add to that idea..."

SITUATION - WHAT'S THE BIGGER PICTURE?

- How does this connect to other things?
- What else affects what's happening?
- What's important beyond what we first see?
- "The bigger picture shows..."
- "Beyond what we see here..."
- "This connects to other things by..."

METHODS - HOW CAN WE CHECK OUR ANSWERS?

- What other ways could explain this?
- How do we know which answer is right?
- What different ways can we solve this?
- "We can test this by..."
- "One way to check this is..."
- "Another approach would be..."

THE PRISM FRAMEWORK

AI EDUCATION FOCUS

QUESTIONS

SENTENCE STEMS

PATTERNS - WHAT PATTERNS DO YOU SEE?

- What AI implementations keep showing up across schools?
 - How do these AI solutions work in different educational contexts?
 - What recurring AI integration patterns help us understand effectiveness?
- "Here, I noticed that AI is being used to..."
 - "The pattern of AI adoption shows..."
 - "This AI implementation reminds me of..."

REASONING - HOW DO THINGS FIT TOGETHER?

- How do different AI tools connect to create a comprehensive solution?
 - What makes sense when you analyze the AI ecosystem?
 - How do AI and traditional systems work together?
- "This AI system connects to... because..."
 - "The reason for this AI integration is..."
 - "One thing that makes sense about this AI solution is..."

IDEAS - WHAT DIFFERENT IDEAS CAN WE MIX?

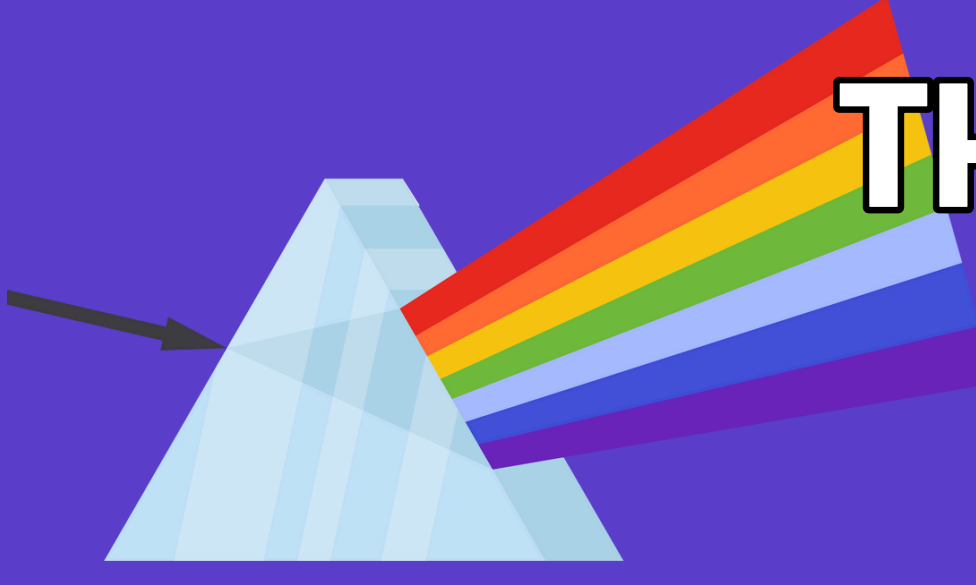

- What happens when we combine different AI technologies?
 - What other AI applications should we consider?
 - How do different AI approaches enhance learning?
- "Another way to implement AI is..."
 - "I have a different perspective on this AI solution..."
 - "To build upon that AI capability..."

SITUATION - WHAT'S THE BIGGER PICTURE?

- How does AI connect to broader educational goals?
 - What external factors affect AI implementation?
 - What's important beyond the technical aspects?
- "The bigger picture of AI integration shows..."
 - "Beyond the technology itself..."
 - "This AI solution connects to other areas by..."

METHODS - HOW CAN WE CHECK OUR ANSWERS?

- What metrics validate AI implementation success?
 - How do we know which AI solution is most effective?
 - What different ways can we evaluate AI impact?
- "We can measure AI effectiveness by..."
 - "One way to validate this AI solution is..."
 - "Another approach to assessment would be..."

QUESTIONS

SENTENCE STEMS

PATTERNS - WHAT PATTERNS DO YOU SEE?

- What big ideas or themes keep showing up in historical events?
 - How do these patterns work in different historical contexts or regions?
 - What general patterns help us understand historical events better?
- "Here, I noticed that..."
 - "The pattern I see is..."
 - "This reminds me of..."
 - "Historical events often show a pattern of..."
 - "This pattern is similar to what happened in..."

REASONING - HOW DO THINGS FIT TOGETHER?

- How do pieces of historical events connect to tell the whole story?
 - What makes sense when you look at all the historical events together?
 - How do different parts of historical events work together?
- "This connects to... because..."
 - "The reason for this is..."
 - "One thing that makes sense is..."
 - "The event of [X] led to [Y] because..."
 - "The relationship between [X] and [Y] is..."

IDEAS - WHAT DIFFERENT IDEAS CAN WE MIX?

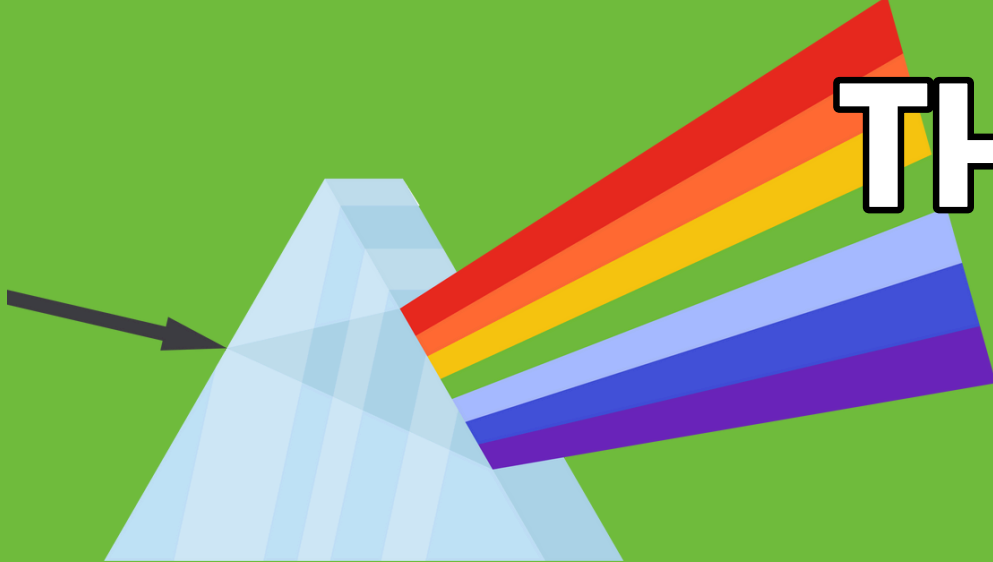

- What happens when we explore new perspectives on historical events?
 - What other historical perspectives should we consider?
 - How do different viewpoints help us understand historical events?
- "Another way to think about this is..."
 - "I have a different viewpoint..."
 - "To add to that idea..."
 - "Considering the perspective of [X], we can see..."
 - "This event can also be understood from the viewpoint of..."

SITUATION - WHAT'S THE BIGGER PICTURE?

- How does this historical event connect to other movements or events?
 - What external factors influenced these historical events?
 - What's important beyond the immediate context of the event?
- "The bigger picture shows..."
 - "Beyond what we see here..."
 - "This connects to other things by..."
 - "This event is part of a larger trend of..."
 - "The global impact of this event includes..."

METHODS - HOW CAN WE CHECK OUR ANSWERS?

- How do we verify historical interpretations?
 - What evidence supports our conclusions about historical events?
 - What different ways can we evaluate the impact of historical events?
- "We can test this by..."
 - "One way to check this is..."
 - "Another approach would be..."
 - "To validate our understanding, we can analyze..."
 - "By comparing primary and secondary sources, we can..."

THE PRISM FRAMEWORK MARIOLOGY

QUESTIONS

SENTENCE STEMS

PATTERNS - WHAT PATTERNS DO YOU SEE?

- What recurring themes appear across different Marian apparitions?
 - How do reported miraculous phenomena associated with Mary manifest in various cultures?
 - What common elements are found in scientific investigations of Marian artifacts?
- "The pattern I notice in Marian apparitions is..."
 - "Across different cultures, Mary's presence seems to be characterized by..."
